JPSUN WINDOWS AND DOORS

Anhui Jinpeng Energy Saving Technology Co.,Ltd.

JINPENG HOLDING GROUP

Founded in 1993, Jinpeng Holdings Group is committed to becoming China's leading "Smart Construction and Better Living Operator". As one of China's Top 500 Private Enterprises, it holds over 500 authorized patents, including more than 50 invention patents, with a workforce of over 6,000 employees and an annual output value reaching 4.5 billion USD. We provide five major solutions: Jinpeng 5H Quality Homes/Industrial Park/Urban Renewal/Cultural, Commercial, and Tourism Operations/Smart Integrated Decoration.

CORPORATE CULTURE

COMPANY PROFILE

"JPSUN" is the brand of Anhui Jinpeng Energy Saving Technology Co., Ltd. As a member enterprise of Jinpeng Holding Group, we were established in 1993 and have been specializing in the door and window production industry for over thirty years.

Dedicated to energy conservation and environmental protection, we primarily produce aluminum alloy doors and windows and plastic doors and windows. We consistently focus on innovation, continuously introducing advanced production equipment and technologies to ensure high quality and high performance of its products. Moreover, the company emphasizes eco-friendly principles by developing and promoting energy-saving window products, contributing to green building and sustainable development.

We continuously explore customer needs across various countries and markets, offering tailored solutions from design optimization to smart manufacturing, logistics, and comprehensive after-sales service.

GEOGRAPHICAL LOCATION AND PORT INFORMATION

Our company is situated in Chuzhou City, Anhui Province, China, benefiting from convenient transportation. It is strategically positioned, with major international ports within a short distance:

3 hours from Shanghai Port,
4 hours from Ningbo Port, and
only 1 hour from Nanjing Port.

MANUFACTURING CAPABILITIES

FOUR MANUFACTURING FACTORIES

Our company operates four door and window manufacturing factories, boasting an annual production capacity of approximately 3 million square meters. We are known for our robust capabilities in fulfilling contracts and delivering products.
